Re: Pole Mountain Parcel of Arapaho Wildlife Refuge

Dear Ms. Lewis:

This is to acknowledge receipt of the cultural resource report prepared for the project listed above.

Since no historic properties were located during an adequate cultural resource survey of the area of potential effect, we will concur with the determination that no historic properties will be affected.

Should unidentified archaeological resources be discovered in the course of the project, work must be interrupted until the resources have been evaluated in terms of the National Register of Historic Places eligibility criteria (36 CFR 60.4) in consultation with our office.

Thank you for the opportunity to comment. If we may be of further assistance, please contact Jim Green at 303-866-4674.

Sincerely,

For Georgianna Contiguglia
State Historic Preservation Officer
